Discover contemporary Mediterranean living in this exceptional villa in Finestrat, where striking architecture, premium materials and thoughtfully designed spaces come together to create a refined home on the Costa Blanca. The villa offers 3 bedrooms, 3 bathrooms and a bright, open-plan living area connected to a modern kitchen with a generous granite island and integrated appliances. Large, high-performance windows fill the interiors with natural light, while the seamless connection between indoor and outdoor spaces creates the perfect setting for relaxing or entertaining. Outside, a beautifully landscaped Mediterranean garden with automatic irrigation surrounds a stunning saline infinity pool, finished with Bali-inspired ceramic tiles. The spacious terrace provides an inviting area for outdoor dining and enjoying the Mediterranean climate throughout the year. Designed with comfort, efficiency and practicality in mind, the property features advanced climate control with individual room temperature settings, heat-recovery ventilation, underfloor heating in the bathrooms and electric window shutters. A lift installation is pre-arranged within the structure, offering the possibility of enhanced accessibility in the future. Additional features include covered and uncovered parking for two vehicles, a dedicated electric car charging point, a storage room and a separate technical room. The villa also benefits from elegant limestone detailing, self-cleaning exterior finishes and integrated architectural lighting. Situated in Finestrat, the property enjoys a
